PROFESSIONAL EXPERIENCE

 **April – September 2025 (6 months), Luxembourg Red Cross (LRC): Niamey, Niger**

Acting Head of Delegation in Charge of Program and Logistic and managed a Multisectoral Emergency Response Project (2,5M €; DG ECHO), two Multisectoral Resilience Response (WASH, Habitat, Climate Change, Early warning) Projects (4,3M €; MAEE), Consortium Pilot Programmatic Partnership Project: IFRC, BRC, DRC, SRC, CRN (3,6M €; ECHO).

- In addition to assuming the role of **Program Coordinator**, and due to the withdrawal of the position of Head of Delegation, I was charged with the role of **Acting Head of Delegation** in charge of **Programme** and **Logistics**.
- Represent the Luxembourg Red Cross **concerning programmatic** aspect and I take part in the internal meeting of the Red Cross and Red Crescent Movement where the **monitoring of the humanitarian response** is discussed, the **successes and challenges** encountered are shared in order to **capitalize on the experiences** of other partners.
- Draft **ECHO final tree year consortium report** (DRC, LRC, NRC) for **HIP assistance including activity report** and **IOV**.
- With the Finance/HR/Admin Coordinator, I was in charge to **close the mission** at the field level in the programmatic activities and the logistic aspect as concern in a context of **dissolution of the management** of the Niger Red Cross.
- I actively participated in the **management of safety and integrity** incidents involving our vehicle and our staff.
- I am responsible for **management of supply chain process, managing the security** and equipment.

 **September 2024 – September 2025 (1 year), Luxembourg Red Cross (LRC): Dosso, Niger**

Program Coordinator: Consortium Lead of the multisectoral Emergency Response (Shelter, Protection, WASH) Projects (2,5M€; DG ECHO) and Multisectoral Resilience Response (WASH, Habitat, Climate Change) Projects (3,2M€; MAEE).

- Under the supervision of the **Head of Delegation** and the **Desk of Niger**, I am coordinating program with the different support department, to develop and implement a response to do **situation analysis** in **WASH, Climate change, Humanitarian Preparedness** and **response plan, Housing and Shelter needs, Health centers, boreholes, pond, solar stand-alone water** with **accountability** in accordance with the country program strategic plan.
- Ensure the **Leadership** of the team through activities implementation which includes **water supply, sanitation facilities and hygiene promotion** through **CLTS** approach, **WASH/NFI kits** through **Cash and vouchers assistance** at the household level sensitive on the **flooding** event.
- Ensure **technical leadership** in **Call for Tender** with **logistic plan** and the **implementation** of recommendation about **flood** response activities in Dosso region including but not limited to site **planning, development, care and maintenance** of works through **contingency plan, early warning mechanism, tree planting**.
- Ensure that **project Implementation** is delivered through a comprehensive **total partnership strategy** that promotes **independent decision-making** to **monitoring** and **delivery of results** with respect of **Sphere standard**.
- Ensure **partnership management** between **LRC and Niger Red Cross** including the four other **PNS**, with a portfolio of a big **budget management, security analysis, results oriented, quality management** with respect of the **CHS, Sphere standard** and the **local rule of action**.
- Ensures that **climatic change effect** is **considered** in the designing of **disaster response** activities and technical measure to avoid the **epidemic of cholera** including **IPC activities** and **NEAT+** tool.
- Give **technical advice** on water point **construction/rehabilitation, shelter, latrine construction, integrated plastic and organic waste recovery unit, rubbish pits, warehouse construction, health center rehabilitation**.
- Responsible for **refocusing** projects to ensure the **effectiveness, relevance, impact** and **sustainability** of our projects and activities for our **clients**, in line with **donor compliance** and the **strategic orientation** of the mission.
- Ensure **timely program monitoring** (**AFU, BFU, SP, IF**), **evaluation** and **report** of indicators (output and outcomes).
- Ensure **revision and realignment** of **budgets to adapt to the context** and in **line** with the **LRC country strategy**.
- Read and finalized monthly, interim and final **report**, for **multisectoral** integrated projects.
- Put in place and follow up **MoU** with the different Stakeholders: **Ministry of Hydraulic and sanitation** in **Niger**.

- **Training**, program staffs on the transversal and technical thematic and follow up their work plan activities.
- **Stand for the Head of Delegation** in his absence when solicited within the mission and the Red Cross movement.
- **Represent LRC in technical coordination groups, national WASH and Shelter/NFI Clusters**, and with partners.

 **December 2024, May 2025, December 2025 (online part time), Institute Bioforce**
